

# Rhythm 'n' Peace

## Youth Exchange

29th of August – 5th of September 2016

### About the exchange :

**25 youngsters coming from 5 countries (Bulgaria, Egypt, France, Greece, Hungary) will gather together in the South of France to exchange about the topic of equality.** On the one hand, there will be some creative workshops with the means of **music and dance**, led by the participants, and on the other hand, we will have **role plays and debates**. We will focus on 3 aspects of equality: **gender equality, citizenship** and the **immigrants / refugees**. In the end of the exchange, we will create a **charity performance** with several pieces and we will offer the collected money to a regional association which helps the immigrants and refugees.

### About the organizers:

In 2016, the **Europe House of Nîmes** created a platform, the **Réseau Europ'Gard** which enabled the local young people and the foreign youngsters staying in the department to meet and organise cultural events. A group of motivated members applied for the Erasmus+ grant and are ready to organise an awesome youth exchange for YOU! 😊

### About the costs:

**The accommodation, 3 meals per day**, the cost of the activities, **the transport** between Nîmes and the guesthouse as well as during the activities, and the visa costs are

covered. The **travel costs** will be reimbursed **until up to 170€** per participant after the exchange after receiving the tickets and bills.

### About the venue :

The exchange will be organised in a big **guest house** close to the nature, a river, waterfalls, at the foot of a mountain called **Cévennes**. The participants will also have the chance to discover **Nîmes**, "the French Rome" where some of the activities will be held.

### The participants' profile:

The ideal participant is **interested in discussing about the topic** of equality and has **some experience, skills** (or at least a high interest to gain some experience 😊) **with music / dance**. We expect the participants to be **motivated, active** and to always have **a smile** on their face! (Or at least after their morning coffees...)

### How to apply:

If you want to be part of this adventure, send a **CV and a short motivation letter in English** to your organisation, explaining what you expect from this exchange and how you could contribute to its success.

### Questions?

Feel free to write to the organisers (Anita, Florian & Nicolas) to the following address:
